

NETCASH KIOSK FOR FASTRAK

NetCASH kiosk accepts currency directly and securely into a student's food service meal account in real time.

The Cashless Lunchroom is here!

Place them:

- ✓ In the Cafeteria
- ✓ Near the School Entrance
- ✓ Secretary's Office
- ✓ In the Hallways
- ✓ Outdoor Kiosks

Faster Lines!

Less Cash in the Cafeteria!

More Accountability !

The NetCASH kiosk consists of a Bill Validator, Printer, User Interface and an Intelligent Control Board. The NetCASH kiosk is housed in a secure metal cabinet made of 13 Gauge Steel, with a 3-point locking mechanism and a security flange on the hinge side of the door. A mounting base (pedestal) is also available. Power source and an optional network drop are all that is required! Configure under Line Definitions in 30 seconds - just like a POS!

"Every School needs at least one, if not two or three!"
-a happy cafeteria manager.
